Table of Contents	II
List of Figures	III
Glossary	IV
1. Summary	1
2. Platforms Overview	3
2.1 Satellite.....	6
2.2 Cable	7
2.3 Telco IP Platform.....	9
2.4 Digital Terrestrial Television.....	11
2.5 Mobile TV	12
3. Global IPTV Pioneers.....	13
3.1 Overview to IPTV benchmark study.....	13
3.2 Methodology.....	14
3.2.1 Developing an Instrument	14
3.2.2 Evaluation	15
3.3 Benchmark results	17
3.4 Best Practices for IPTV services implementation	21
3.4.1 Functionality	21
3.4.2 Usability.....	24
3.4.3 Content.....	27
3.4.4 Branding	28
3.5 IPTV Business models and their variables	30
3.5.1 Products, Prices, Packaging, Promotion.....	33
3.5.2 Content: leveraging and licensing.....	37
3.5.3 Technology, hardware and its distribution	40
3.6 Conclusions.....	45
4. Consumer Perspective.....	46
4.1 Grassroots thrive on digital platforms	46
4.2 Broadband Entertainment and TV's future role.....	50
4.2.4 Budgets and potential growth	56
4.2.5 From open access to involved user control	58
4.3 On the core of value added.....	59
4.3.1 Definition	60
4.3.2 Tail effects and value capturing	60
4.3.3 Valuable, rare, hard to imitate or substitute	62
4.4 Broadband TV, substitute or complementary?.....	63
4.4.1 Shifting value between broadcast and broadband.....	63
4.4.2 Microchunking of mass media	67
4.4.3 Future value proposition of broadcast.....	70
4.4.4 Beyond the technological issue	71
5. Wrap-up: IPTV – iTV through the backdoor?.....	73
n. Literature	1
